Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The discussion centered on how to include subject matter from previous versions of claims into proposed amendments to current versions of claims. As an example, consider how to remove the current limitation of "single-ended" such that the resulting, amended version of the claim had already been examined for a previous Office action. The discussion included how to promote subject matter of current dependent claims into proposed amendments to independent claims.
